8:00-8:30 a.m.

- Breakfast and Welcome

Cherrie Boyer, Chair of Faculty Development Day Subcommittee, and Brian Alldredge, Vice Provost Academic Affairs

PLENARY SESSIONS

8:30-9:45 Faculty Advancement and Promotion

Gain knowledge about the similarities and differences among the faculty series at UCSF, the criteria for moving through the faculty ranks, and how to succeed at UCSF in all series and ranks.

Presenters: Brian Alldredge, Ann Bolger, Shari Dworkin, Paul Garcia, Tom Kearney, Peter Sargent

9:45-10:30 Faculty Compensation

Receive information about the academic salary structure (X, Y, & Z) and learn what benefits are covered under "X" and "Y."

Presenter: Cynthia Lynch Leathers

10:45-11:45 a.m. - CONCURRENT WORKSHOPS: SESSION 1

Managing Your Research Career – Behavioral and Clinical Sciences

Learn from experienced faculty about enhancing your research career, including, staffing your research team, publishing your research, and balancing research with other academic demands (teaching and service).

Presenters: Michael Cabana, Gerri Collins-Bride, Stuart Gansky, Kirby Lee

Managing Your Research Career – Basic Sciences

Learn from experienced faculty about setting up a basic science lab, regulatory issues, staffing your research team, publishing your research, and balancing research with other academic demands (teaching and service).

Presenters: Tamara Alliston, Sunita Ho, Suneil Koliwad, Sabrina Ronen

Enhancing Your Success as a Clinician-Educator

Learn from experienced faculty about ways to balance and expand your skills in clinical practice, teaching, scholarship, and education, and tips for developing your portfolio for successful advancement and promotion.

Presenters: Angel Chen, Carrie Chen, Calvin Chou, Conan MacDougall

12:00-1:45 p.m. Networking Lunch with Campus Leaders

Welcome and campus update from B. Joseph Guglielmo, Dean, School of Pharmacy

12:45-1:45p.m. Informational Kiosks

Learn about many UCSF organizations and initiatives, including those related to research, education, professional development, advancement and promotion, and benefits. Ask questions, hear answers to colleagues' questions, and pick up fliers about programs that are of interest to you.
2:00-3:00 p.m. - CONCURRENT WORKSHOPS: SESSION 2

**Funding Your Research Beyond the NIH**
Gain tips from experienced faculty and administrators about funding your research through contracts, grants, and awards from foundations, philanthropic organizations, state government, and other federal agencies.
*Presenters: Claire Brindis, Olivia Herbert, Gretchen Kiser, Kathy Lee*

**Negotiating Tips From Department Chairs**
Receive tips for discussing salary, funding, space, protected time, and other needs with your division chiefs, department chairs, and deans.
*Presenters: Nancy Ascher, Linda Giudice, George Taylor, Jim Wells*

3:15-4:45 p.m. - CLOSING PLENARY SESSION – SPECIAL GUEST SPEAKER

“Communicating Your Science: A Professional Necessity”
Learn how to clearly explain your research to diverse audiences and receive recognition, compete for funding, get promoted, thwart the anti-science movement, and be a better teacher. (Re)discover simple techniques that will make your presentations come alive, increase your credibility and help you deliver powerful messages that impact your listeners.
*Presenter: Dennis F. Mangan, Science Communication Advisor; former NIH Program Director and Associate Dean of Research at USC*
